

LINER OLYMPIC IN A COLLISION

Struck by British Armored
Cruiser Hawke.

BEACHED ON A MUD BANK

Nearly 3,000 Passengers on Board and
N. a Life Lost—First Cabin
Passengers to Be Distributed
to Other Liners.

Cowes, England, Sept. 21.—The White Star line steamship Olympic, the largest passenger carrying vessel in the world, was in collision with the British protected cruiser Hawke near Osborne bay, on the north side of the Isle of Wight, and was so severely damaged that her captain, E. J. Smith, beached her on a mud bank in the Cowes roadstead. Later she was released and started back for Southampton, where the monster liner was docked safely after 3 p. m.

Immediately after the accident Captain Smith signaled for assistance to Portsmouth, where tugs were sent promptly. At the same time assurance was given that the passengers were in no danger. The Hawke was damaged, but less seriously, and anchored close to the steamer until the Olympic cleared the mud bank, set out on her return to Southampton. The Hawke then started south under her own steam. The cruiser's bows were crumpled by the impact and her plate torn to the water line.

The Olympic sailed from Southampton at 11:25 o'clock, bound for New York by way of Cherbourg and

Queenstown. She sailed with the largest list of passengers that ever started across the Atlantic on one ship. The first cabin passengers numbered 742, twenty-four more than her past previous record. Among them were between twenty and thirty American millionaires. About \$250,000 had been paid in passage money. All told there were nearly 3,000 people on board.

In the collision the Olympic was struck on the starboard quarter and a large hole was stove in. When the vessels separated after the impact it was seen that the Olympic was crippled.

To date the Olympic, launched Oct. 20, 1910, is the largest passenger vessel afloat. Her length over all is 882½ feet and her breadth over all is 92½ feet. She has a number of steel decks and water-tight bulkheads.

The mishap will upset the White Star schedule for a time, or until the broken and damaged plates can be replaced. The Olympic will be sent, under her own steam, to the yards of Harland & Wolff, at Belfast and put in the big dry-dock there. It is unlikely that she will be able to get back to Southampton under two weeks. Her passengers will be transferred to the Adriatic, which sails today from Liverpool, touching at Queenstown Friday; the Hamburg-American liner Victoria Luisa, formerly the Deutschland, scheduled to sail from Southampton and Cherbourg Sunday; the Atlantic Transport liner Minnetonka, due to depart from London on Saturday; the American liner St. Louis to sail from Southampton and Cherbourg on Sunday and the Hamburg-American liner President Grant, to leave Southampton Friday. It will be necessary to distribute passengers among all these liners because there is very little room on any of them, this being the season for westbound traffic.

JINX IS WITHOUT A HOME

House that Sheltered It Is Torn Down
in Battle Creek.

Battle Creek, Mich., Sept. 21.—The hoo-doo on the Jerry Lincoln house on High street will never work again. The place was torn down. In Civil War days this house, built when Battle Creek was a settlement, served as a refuge for fleeing slaves.

Years ago it was moved to a new location, and here entered the jinx. Mrs. Lincoln, who bought it, was found dead one day, and the cause was never known. Her son, Jerry Lincoln, married and his wife was found dead under similar circumstances. Mrs. H. Hamilton was secured by Lincoln as housekeeper, but in 1907 neighbors, making an investigation, found her dead on the floor.

Superstitious negroes believe something occurred which frightened each woman to death from heart trouble. At any rate, they have fought shy of the house, and now it is being destroyed as untenable.

NIGHT HUNTERS AFTER BIG FLOCKS OF BLACK BIRDS

For a number of weeks past the residents living near the corner of Pearl and Ballard streets have been annoyed with the large number of black birds that come every evening at about 7 o'clock and roost in the trees in that vicinity. The numbers have reached such proportions that strenuous measures have been resorted to to abate the nuisance. For the past week the residents have secured guns and taken their stations on the sidewalks nearby and shot the birds as they begin to arrive. Large numbers have been disposed of in this way but still they seem to return to this particular place although many of their flock are shot each night.

OFFICERS CHASE THIEF

Abandons Wagon Load of Brass and
Dashes Away on Horse.

Kalamazoo, Mich., Sept. 21.—Kalamazoo officers are chasing over the eastern part of the county a man wanted for stealing over \$1,000 worth of brass and also a horse. Some time in the night a thief entered a barn belonging to George Hanselman and took a horse and light wagon. Later a brass foundry was visited and the wagon loaded down with brass. The owners say that over \$1,000 worth was taken. Trace of the rig was secured north of Comstock and a hunt started for the thief.

A telephone message was received here stating that the officers were close behind the thief and that the brass had been recovered, but that he was using the horse in his dash from the officers.

DETROIT WALKS; CARS ARE IDLE

Fifteen Hundred Street Rail-
way Men Strike.

WANT AN ADVANCE IN WAGES

Negotiations Split on the Subject of
a Thirteen-Hour Day—Officials
of State Fair Alarmed at
the Situation.

Detroit, Mich., Sept. 21.—Fifteen hundred employees of the Detroit United Railway company went on a strike at 6:20 to the morning and no street cars ran in the city. The men get 23, 25 and 28 cents an hour. They ask 25 and 30 cents an hour.

The leaders of the local street car men's association took up headquarters in the Knights of Equity hall, Fort and 2d streets, and as soon as crews finished their respective runs they marched to the hall. Just as dawn was breaking hundreds of men, still wearing their uniforms, went marching in every direction toward the hall.

"Practically all of the men were at the meeting," said one of them. "Only about fifty were absent. There was not a dissenting vote on the strike proposition."

Out through the great factory districts in the north, east and west ends a great army of workmen trudged down the center of the streets on deserted car tracks. In a vague way they understood that a strike was on. Then came the shouts from those who had been through the business center and had heard the news. From month to month word was passed. Factories that on ordinary days saw shut their doors with the warning blast of whistles kept the gates wide open until a late hour waiting for the straggling workmen.

State fair officials were cut early, anxious and worried about the conditions at the fair grounds. With the big fair under way only two days and with thousands of people expected it means to them a great loss.

When the company at one point in the conference asked whether the union would consider a thirteen hour day at the new schedule, they offered to try the hours for thirteen days and at that point in the negotiations the matter was dropped.

The action stood good in deliberations, but the company declined to accept it and insisted that if the question of wages was to be considered all the men must accept a thirteen hour schedule without trial.

SALINE FARMERS SUFFER HEAVY LOSS FROM FIRE

Two Syrians who purchased a farm about two miles southeast of Saline last March met with discouragement and a great loss Tuesday afternoon when fire destroyed the barns and all the contents. All their farm implements, about 100 bushels of wheat, a quantity of rye and almost 12 loads of hay they had were also destroyed. They purchased the farm on contract and depended on the crops for their payment this fall. The buildings were insured but nothing else. The origin of the fire is not known and it was not discovered until everything was ablaze. Several auto loads of men went out from town but were unable to save anything but one wagon.

"WIFE HAS RIGHT TO SCOLD"

Judge Says Living with Husband's
Folks Is Provocation.

Kansas City, Mo., Sept. 21.—A wife has a right to scold her husband, Circuit Judge Thomas decided in refusing to grant a divorce to Glenn C. Burnham.

"There is no such thing as a perfect wife," Judge Thomas said. "A wife has a right to scold her husband if he gives her provocation. This husband took his wife to live with his folks. That was enough to make her peevish."

Big Plans For Lenawee Fair

Friday will be known as Pioneer and All Societies Day and Saturday, the closing day, will be devoted to racing, both horse and motorcycle, entering in the events. On each day a Women's Assembly will be held by the Associated Women's Clubs of Lenawee County. Doubtless large numbers from this part of the country will attend as there is special train service on all railroads where regular trains do not run on favorable time.

DELEGATION OF FOURTEEN APPOINTED TO REPRESENT CITY AT CONVENTION

San Antonio, Texas, Sept. 19.—Ten delegates named by the Chamber of Commerce will attend the convention of the "Lakes to the Gulf" Deep Waterways association to be held in Chicago October 12 to 14. The paramount importance of the subjects to be considered at this convention is realized by the business interests of Southwest Texas—for no section of the country will be in better position to profit by the short routes to market afforded by the Mississippi river and the Panama canal, nor will any section have more abundant and varied products to ship.

AUTO ON WRONG SIDE KEEPS PARTY FROM THE THEATRE

A theatre party consisting of Mr. and Mrs. Harry Saefer and Mr. and Mrs. Grant Fritz met with an accident at Eloise Wednesday evening about 7 o'clock while on an auto trip to Detroit.

They were going at a pretty fair speed when an auto coming from the opposite direction ran into their machine. None of the Ypsilanti people were injured but the man who was driving the other machine was thrown out and down an embankment and narrowly escaped rolling into the little lake at the Eloise station. He was not seriously hurt. Mr. Saefer says that he was driving on the right side of the road and just how the other party came to be on the same side of the road has not been explained as yet. Both machines were injured more or less. The Saefer party started to proceed on their way to Detroit but when they had gone about three miles further on the two back wheels on their machine came off and they were obliged to take an electric car and return home as the city cars were not running on account of the strike.

BOY DESPERADO BREAKS OUT

Freddie Sweet, with Detroit Pal, Es-
capes from Industrial School.

Lansing, Mich., Sept. 21.—Freddie Sweet, Lansing's youthful desperado, added to his many exploits by escaping from the industrial school with a companion of the name of Vernon Ewing of Detroit, and the two broke into a grocery and also made an attempt to steal three automobiles.

But their lack of experience compelled them to make their getaway from the city on two bicycles stolen from a sporting goods store, from which they also secured several revolvers, a quantity of ammunition, and a number of jack knives. They also touched the cash register for \$38.86. The boys were captured at Dimondale and returned at once to the industrial school.

BURGESS AND HIS MOTHER AFTER CROSSING CHANNEL

BURGESS AT THE FINISH

London, Sept. 21.—William Burgess, the Yorkshireman who swam across the English channel, has issued a statement to the effect that for \$50,000 he will swim across the English channel and return. Burgess crossed the channel on his sixteenth attempt, he having first essayed the task in 1904. Burgess started from South Foreland, Dover, fifteen minutes past 11 o'clock in the morning. He landed at La Chatele, a little village two miles east of Cape Gris Nez, at ten minutes before 10 o'clock the next morning, accomplishing the passage in 22 hours 35 minutes. A motorboat accompanied the swimmer, and it is estimated that Mr. Burgess, owing to the zigzag course he was compelled to take because of baffling tides, covered sixty miles. For the trip across the channel Burgess was well greased. He wore a pair of goggles and a rubber bathing cap. A party of eleven accompanied him in the motorboat. After landing Burgess, greatly exhausted, was put to bed, and his aged mother sat by the bedside for many hours to care for him.

STRIKERS RESUME DUTIES ON DETROIT CAR LINES TODAY

SETTLEMENT IS REACHED AFTER TEN HOURS OF STRENUOUS WORK BY REPRESENTATIVES OF MEN AND D. U. R. OFFICIALS

Detroit, Sept. 21.—After a ten-hour conference and after social and business affairs in the city had been crippled a whole day the strike of 1500 street car men was settled Wednesday at midnight. The conference was called by Mayor Thompson and held in his office at the city hall from 2:30 p. m. to midnight.

Judge Phelan and the executive committee of the union for the men and General Manager Brooks and Attorney Monaghan representing the company were early Wednesday afternoon invited by the mayor to meet in his office to discuss the matter and to endeavor to settle the strike. Both sides accepted the invitation. In addition to the representatives of the men and company there were a number of prominent citizens and city officials present.

For nearly three hours the meeting was a public one and bitter words were exchanged between Judge Phelan and Attorney Monaghan. Finally, at 5 o'clock, a suggestion was made by the mayor that representatives of both sides retire to a private office for further discussion. Judge Phelan appealed to Manager Brooks.

"You and I are old friends," he said. "Let us go to this back room and talk this matter over man to man. Will you go?"

"I'll go," said Mr. Brooks, and amid the applause of the crowd which by this time jammed every available foot of space in the mayor's outer office, the two men retired to the rear room. It was after 6 when they came back and the judge announced that he and Mr. Brooks wished an adjournment until 8 o'clock.

At 7:30 o'clock the common council met pursuant to a call to consider the street car strike. A resolution by Ald. Field to have a committee of five appointed to assist in bringing about a settlement was adopted and then the council adjourned to await further action of the arbitrators. Shortly after midnight, nine hours after the representatives of the D. U. R. and its employees had responded to Mayor Thompson's appeal for an immediate settlement of the street car strike, which for a whole day had crippled the city's business and social activities, a man dashed into the mayor's office and shouted: "It's all over! The men accept!"

"Speech from the mayor!" somebody shouted.

The cry was repeated, but the mayor smiling, shook his head and said: "Wait until those gentlemen inside have a chance."

Out of the inner room came the negotiators, Judge Phelan had been accorded the privilege of holding up the dove of peace that all might see. Amid cheers he mounted a chair and made an unexpectedly short speech in which he showed a surprising self restraint.

"Mr. Mayor," he said, "in view of the fact that proceedings were had this afternoon at your invitation and with the aid of Mr. McRae to assist in bringing about a speedy settlement of the differences between the Detroit United Railway and the Street Railway Employers' association, I wish to announce to you that when I went back to the men and laid before them the proposition on which Mr. Monaghan and I decided this afternoon, it was accepted by them almost unanimously."

Ypsilanti People There. A number of Ypsilanti people numbered among those who were inconvenienced in the city by the strike. Several left here early in the morning for the fair and experienced considerable difficulties in reaching their destination. Grand Trunk trains were pressed into service from the city station to the fair grounds and in the afternoon the M. C. train due here at 5:45 was two hours late owing to the accommodation of the company making stops all along the way out from Detroit to serve rural residents.

The D. J. & C. lines were not affected, however, further than that they were unable to deliver passengers to the waiting room, but today all service has been resumed as usual and there will probably be no further difficulty in reaching all points in the city and the state fair grounds.

RESCUED FROM DIRE FATE

Benton Harbor Girl in Chicago Den-
Officers Seek Deceiver.

Benton Harbor, Mich., Sept. 21.—A startling white slave case, in which Lillian Bennett, a seventeen-year-old telephone operator, was the intended victim, came to light here when the police announced the recovery of the girl from a disorderly house in Chicago, where she had been taken by Bert Zalinsky, who is being sought by federal officers.

According to the girl's story, Zalinsky persuaded her to go to Chicago after he had accomplished her ruin here. Not until she arrived in the city did he tell her what he intended to do with her. At the resort her arrival was reported to the police and they started an investigation.

Meanwhile her parents here had reported her disappearance, and the officers began a search for her. She was located by Deputy United States Marshal Meyer, who placed the facts of the case and the girl's confession before the Chicago federal authorities. A warrant under the Mann white slave act was issued for Zalinsky.

Emperor William of Germany is evidently determined to make it very plain that the time has arrived when Germany must either give up its reputation as the land of excessive beer drinking or continue to endure a penalty that should not be permitted. Upon the occasion of a recent presentation of a flag to the gymnasium at Kassel Emperor William made a brief address to the students of the senior class especially advising them against beer drinking. He referred to the traditional drinking custom of the German people and declared that no other evil in his empire had brought greater harm or had caused more widespread suffering and loss. He appealed to the students and to all the young men of Germany to become participants in something that would give greater glory to their country and more satisfaction and value to themselves than the disgraceful old custom that never should have existed, of trying to create new records for the amount of beer they could swallow. No man in public or private life in any country on the globe stands at this time more opposed to the saloons and their purposes and especially to beer drinking than does Emperor William of Germany.

About three years ago he had an attack of typhoid fever and after that he complained of backache and other symptoms of kidney trouble. When stooping or lifting, his back bothered him more than ever and often there was sediment in the kidney secretions, plainly proving that his kidneys were disordered. During the same time, however, 18 new colleges were organized, leaving a net decrease of 46. GRANDMOTHERS USED SAGE TEA

TO DARKEN THE HAIR AND RESTORE GRAY AND FADED HAIR TO ITS NATURAL COLOR.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented. If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Weinmann-Matthews Co., 118 Congress street.

HER HAIR GREW

That's Why a Thankful Woman Recommends Parisian Sage.

Duane Spaulsbury will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic made my hair start to grow in and, in fact, grew me a good fair amount of hair, and it has entirely stopped my hair falling out.

"It is with pleasure that I give a public recommendation to PARISIAN SAGE, which I know is a wonder," Mrs. Ella Gilchrist, W. Pitt St., Bedford, Pa.

ANSWER

One—the flat, sad, sickly looking one—was baked with poor baking powder; possibly the high-priced kind—possibly the cheap, big can kind. It denotes a lack of leavening gas, or an uneven distribution of same—or both. The other—the large, light, fluffy one—was prepared with Calumet Baking Powder, and denotes the never-failing, delicious baking that always results from its use.

Calumet does not cost as much as the high price baking powder, but it is very much superior in every way—it is purer—more reliable—more healthful. Here are the reasons:

All baking powders undergo a chemical change in the process of baking. You do not take it into the stomach in the same form as it is in the can. This, as you know, is a drug, and should be taken only under doctor's orders.

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect.

That it is absolutely pure and of highest quality is proven by the fact that

FRECKLES

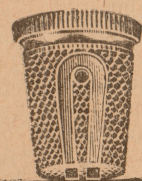

Don't Hide Them with a Veil; Remove Them with the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear beautiful complexion that it is sold under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless and cannot injure the most tender skin.

Be sure to ask your druggist for the double strength othine; it is this that is sold on the money back guarantee.
